SUNDAY SEPT. 17

Up the Creek Without a Buckyball?

Not for long, once local artist Julian Voss-Andreae's 30-foot steel sculpture (based on the Buckminsterfullerene molecule) is unveiled in Tryon Creek State Park. Four other natural and recycled works accompany the "Quantum Buckyball"—all on display for a year, but today features bamboo print- and lichen collage-making. Meet in Tryon Creek State Park, 11321 SW Terwilliger Blvd. 1 pm. For more info, call 636-4398. Free. **Easy.**
